

RYO NISHIKAWA

Cloud Support Engineer (DevOps) at AWS

[0274365897](tel:0274365897)

hakunishikawa@gmail.com

Auckland

Currently working as a Cloud Support Engineer (DevOps) at Amazon Web Services, specializing in Code Delivery analysis and Infrastructure as Code solutions. Supporting enterprise customers from best practice implementation to business-critical production issues across AWS DevOps services including CloudFormation, CDK, CodePipeline, and Amazon Q Developer. Also developing MCP Servers to automate troubleshooting processes and enhance customer experience with AWS services.
